

# TRICKLEBANK

Est. 1995

We specialise in bespoke house-building and the renovation, extension and refurbishment of town and country period homes.

Tricklebank offers a comprehensive tailored service for those wishing to undertake works to their home using trusted, skilled tradespeople. We can organise all aspects of your project including design, sourcing, procurement and implementation. Our extensive development experience both in building new homes and renovating period buildings means we are particularly adept at finding the most effective route to complete your project.

Please call us to discuss your project in complete confidence.
